

Thompson I.G., LLC completes State-of-the-Art Employee Training Program

Fenton, MI, June 28, 2021 – Thompson I.G., LLC, a fabricator of laminated safety glass, insulated glass units, and transparent bullet resistant products for the commercial, defense, industrial, transportation and residential markets, is proud to announce the completion of its state-of-the-art glass fabrication training program. An integral component of this program is our internally developed video training library for all fabrication positions, giving our workforce access to learning anytime, on any device. Since the launch of the first course one year ago, over 1300 courses have been completed and over 775 course hours logged.

Empowering Employees to Excel

Thompson I.G. has long been at the forefront of glass innovation. To continue in this pursuit, Thompson I.G. understands that investing in our workforce using modern training and development tools is a must. By producing engaging content that builds in reinforcements, our employees are better able to recall what they have learned when on the job.

However, this training program was not only designed with our employees' current jobs in mind. It was designed with their long-term goals in mind to provide them a career roadmap. This not only helps our managers better engage their teams but prepares high-potential employees for future leadership roles.

"This new training program furthers Thompson I.G.'s industry leading commitment to innovation," said Scott Caron, Plant Manager of Thompson I.G. "It reaffirms our commitment to maintaining a high level of employee performance and enhances our efforts to provide exemplary customer service."

About Thompson I.G., LLC

Since its inception in 1989, Thompson I.G. has grown from a small local glass fabricator to now being a North American supplier of high-value, innovative glass products for the commercial, defense, industrial and residential markets. Thompson I.G.'s diverse product offering includes:

- Insulating Glass for the residential and commercial markets
- Laminated and Tempered Safety Glass
