

Thompson Innovative Glass Unveils New Brand Identity Reflecting Its Growth In Advanced Glass Products

FENTON, MI, Feb. 23, 2023 – Thompson Innovative Glass, an innovative and people-driven glass fabrication company, announced today a new brand identity that reflects the company’s continued growth in advanced glass products. Thompson’s new look and feel align with the company’s customer-centric focus and its commitment to accelerate glass technology and innovation in new and unprecedented ways.

Rich History... Dynamic Future

Since its inception in 1989, Thompson has grown from a small local glass fabricator to now being a North American supplier of high-value, innovative glass products. With the foresight to rapidly adapt and stay ahead of an ever-evolving market, we combine technology with our deep experience to provide smart, innovative solutions. The new logo and brand identity reflect the bold, energetic and forward-looking culture of our company, and are designed to inspire and to symbolize our dynamic future.

“This is a major milestone for the company. As technology advancements accelerate, we see a unique opportunity for the Thompson brand to become synonymous with innovation and advanced glass products,” said Tom Donovan, President. “Building codes and regulations are becoming more rigorous and building owners are demanding higher-performance buildings that address energy, safety, technology, and environmental concerns. Thompson is uniquely positioned to address each of these. Our growth these past few years is a direct reflection of new and existing customers increasingly relying on us to be to their go-to resource for advanced glass solutions. Our new brand and evolving position in the glass industry reflect our commitment to be the trusted supplier to our partners, working closely with them to address complex challenges through our leading-edge customer service and world-class solutions and innovation.”
